URBAN DISTRICT OF ALFORD

THE ANNUAL REPORT

OF THE

MEDICAL OFFICER OF HEALTH

1966

A. LOFTUS. L.R.C.P., L.R.C.S., D.P.H.

Health Department,
The Clinic,
Cecil Avenue,
Skegness.

To the Chairman and Members of the
Alford Urban District Council.

Mr. Chairman, Ladies and Gentlemen,

I have pleasure in presenting my Annual Report for the Year 1966, on health and sanitary conditions.

The mid-year population estimated by Registrar General was 2,340 compared with 2,270 last year, an increase of 70.

There were twenty-seven live births, a birth rate of 11.2 per one thousand population national rate of 17.7. There were thirty four deaths from all causes, a death rate of 14.5 per one thousand population, national rate of 11.7. No death occurred in infants under one year.

During the year there were thirty-one cases of Infectious Diseases notified, twenty four Measles, four Acute Pneumonia, one Whooping Cough, one Purpurral Pyrexia, one Pulmonary Tuberculosis.

There were twenty houses erected, fifteen by Local Authority and five by other persons, twenty eight houses were visited for housing defects. Applications were received and granted in respect of thirteen discretionary grants.

Regular visits were made to food premises and 100% meat inspection.

There were sixty three premises registered under Offices, Shops and Railway Premises Act, all of which were visited and defects noted. This Act lays standards for heating, lighting, hygiene, toilet and first-aid. Contraventions were of a minor nature, but follow-up inspections were not possible.

An adequate supply of water for all purposes was provided during the year. Chemical and Bacteriological analyses were taken of regular samples from the source and from points in the distribution system, no adverse reports have been received.

I take the opportunity of thanking the Health Committee for their interest in the Department, and the Public Health Inspector for his co-operation.

I am,
Your obedient Servant,

A. LOFTUS
Medical Officer of Health.

HOSPITAL SERVICES.

GENERAL MATERNITY.

Alford Memorial Hospital provides for some medical and surgical cases, most medical and surgical cases are admitted to Louth County Hospital.

Maternity cases are admitted to Grace Swan Hospital, Spilsby, Louth Infirmary and Louth and district hospitals. Paediatric cases are admitted to Louth County and Lincoln County Hospitals.

INFECTIOUS DISEASES.

Patients suffering from these diseases are admitted to the Isolation Hospitals at Lincoln and Grimsby.

X-RAY FACILITIES.

X-Ray facilities are provided by the Alford Memorial Hospital and the Louth Infirmary.

LABORATORY FACILITIES.

Laboratory facilities are provided by the Lincoln Branch of the Public Health Laboratory Service.

WELFARE SERVICES.

Under the provisions of the National Assistance Act, 1948, it is the responsibility of the Local Health Authority to provide accommodation for aged and infirm persons who are in need of care and attention. This accommodation is provided by the Local Authority in other districts of the County. It was not necessary to take action under Section 47 of this Act during the year.

AMBULANCE SERVICE.

There is no Ambulance Station in the district, the nearest stations are at Louth, Mablethorpe and Skegness. The service is administered by the Local Health Authority.

CHILDREN'S ACT, 1948.

By the provisions of this Act, certain classes of children come under the care of the Children's Department of the County Council. This Department is responsible for children who are for various reasons deprived of normal care of their parents.

ANTE-NATAL AND POST-NATAL CLINIC.

Ante-Natal and Post-Natal work is undertaken by the General Practitioners in the district.

INFANT WELFARE SERVICES.

HEALTH VISITORS.

One Health Visitor serves the district, her address is:-

Mrs Crust.

Psalter Farm, Skendleby Psalter,
Alford, Lincs.

Sterilised.	3

All the above samples were satisfactory.

WATER SUPPLY.

The following is a result of samples taken from source:-

Alford obtains its water supply from an Artesian borehole in the Spilsby sandstone, the site being off the Station Road near the railway level crossing.

Water is pumped to the town and high level service reservoir at Miles Cross Hill - Well having a capacity of 75,000 gallons.

The average daily supply is 90,000 gallons.

Regular samples are taken weekly for bacteriologist analysis and no adverse reports have been received.

The Board have decided to install a Chlorination Plant at the source to safeguard the purity of the water pumped to supply, it is hoped this year.
